# Jade Schembri

AI Evaluation & Data Specialist | Native Maltese Speaker

Valletta, Malta | linkedin.com/in/jade-s-7b79351b8

## SUMMARY

AI Evaluation and Data Specialist with 4+ years of part-time and freelance experience in LLM evaluation, RLHF-style preference ranking, data annotation and data quality across text, conversational AI and computer vision projects. Has reviewed 2,000+ AI-generated responses for accuracy, reasoning and instruction following. Brings 3+ years of marketing experience in the insurance sector and a Bachelor of Commerce (Business Enterprise Management and Marketing) from the University of Malta, adding domain knowledge in marketing, business and insurance. Native Maltese and fluent English speaker, suited to multilingual evaluation and Maltese-language AI work.

## AI & DATA EXPERIENCE

**AI Data & Evaluation Specialist** Oct 2026 – Present

*Eunoia · Malta · Remote*

- Evaluate AI-generated content against detailed rubrics for factuality, reasoning and instruction following, with a score and written justification for each rating.
- Identify hallucinations, unusual outputs and edge cases, documenting reproducible examples for the engineering team.
- Clean, deduplicate and validate text and tabular training data using Python, Pandas and NumPy.

**AI Training & Computer Vision Specialist** Sep 2025 – Present

*SmartCow · Part-time · Malta · Remote*

- Annotate and quality-check image and video datasets for object detection, classification and visual recognition models.
- Review bounding boxes and class labels against annotation guidelines, correcting mislabelled, missing or inconsistent annotations before training.
- Compare model predictions with ground truth using precision, recall and F1-score to measure performance by object class.
- Analyse false positives, false negatives and hard cases (occlusion, low light, small or overlapping objects) and report recurring error patterns to the ML team.

**AI Training & Data Specialist** Oct 2022 – Oct 2024

*Neural AI · Freelance · Malta · Remote*

- Prepared, cleaned and validated text and tabular datasets for AI training workflows.
- Wrote Python scripts to flag duplicate, incomplete and inconsistent records, reducing manual checking time.
- Labelled training examples to project guidelines and quality-checked work completed by other annotators.
- Documented ambiguous examples and recurring errors, and suggested guideline updates to resolve annotation disagreements.

**AI Model Evaluation Specialist** Aug 2022 – Oct 2023

*EBO.ai · Part-time · Malta · Remote*

- Evaluated chatbots and virtual assistants across single-turn and multi-turn conversations, focusing on context retention, tone and safety.
- Ranked multiple model responses to the same prompt by overall quality, producing preference data for RLHF-style model improvement.
- Wrote reference answers and training examples, and designed test prompts to probe weaknesses in model behaviour.
- Categorised hallucinations, context loss and unsafe outputs, and used Python to track quality trends for the development team.

## MARKETING & BUSINESS EXPERIENCE

**MAPFRE Middlesea** Jul 2022 – Dec 2025

*Insurance · Valletta, Malta · On-site*

**Marketing Executive · Full-time · Jul 2024 – Dec 2025**

- Planned and executed marketing campaigns to build brand awareness for MAPFRE insurance products.
- Coordinated media planning and campaign scheduling, using Microsoft Excel to organise timelines and track campaign progress.
- Produced digital content for social media, including Instagram, in line with brand guidelines.

**Marketing Intern · Full-time · Jun 2023 – Oct 2024**

- Supported campaign execution and creative direction for brand-awareness initiatives.
- Created digital and social media content, mainly for Instagram, and helped prepare marketing materials using Microsoft Office.

**Human Resources Intern · Part-time · Jul 2022 – Oct 2023**

**Marketing Executive** Sep 2025 – Nov 2025
*AX Care · Full-time · Malta · On-site*

**Customer Service & Sales** Oct 2021 – Oct 2022
*WHSmith · Part-time · Malta*

## EDUCATION

**Bachelor of Commerce, Business Enterprise Management and Marketing** 2020 – 2023
*University of Malta · MQF Level 6 · Majored in Marketing and Management after the common first year (Sep 2020 – Jun 2021)*

## SKILLS

- **AI evaluation:** Large Language Models (LLM), RLHF, Preference Ranking, Hallucination Detection, Prompt Engineering, Model Evaluation, Error Analysis, Computer Vision
- **Data:** Data Annotation, Data Cleaning, Data Validation, Data Quality, Data Analysis
- **Tools:** Python, Microsoft Excel (LinkedIn Skill Assessment passed), Microsoft Office
- **Marketing:** Digital Marketing, Social Media Marketing, Instagram, SEO, SEM, PPC, Programmatic Ads, Email Marketing, Campaign Strategy & Execution, Media Planning, Brand Strategy, Brand Awareness, Creative Direction, Digital Content, Advertising, Lead Generation
- **Business:** Market Analysis, Consumer Behaviour, Corporate Strategy, Product Development, Project Management, Budgeting
- **Professional:** Communication, Teamwork, Leadership, Problem Solving, Critical Thinking, Attention to Detail, Organisation

## CERTIFICATIONS & LANGUAGES

- **Certifications:** Machine Learning Specialization (DeepLearning.AI / Coursera); Python for Data Science (IBM / Coursera)
- **Languages:** Maltese (native), English (fluent)
